

I do not want to see the current radio station in my area, K-Love 88.9 operating over the current FM translator service superseded by LPFM.

K-love provides one of the few wholesome broadcast for my local community. It has been paramount for the public interest in providing stability and honorable broadcasting with high standards in all content.

If K-love is displaced by an LPFM broadcaster the loss will be substantial and my local community will bear the burden of the costs.
